Civil and Mining Works

Civil Construction

EXPERTISE

Barry Davis – Director

Barry has over seven (7) years of experience in the mining industry, having worked as a mobile plant operator for Normandy and Newmont Mining on sites across the Northern Territory and Queensland.

He later operated side tippers for John Holland and Leightons on the Darwin LNG Ichthys gas plant project.

Sixteen (16) yrs experience as a qualified carpenter, working with leading construction companies including Bechtel, Thiess, Sitzler, and UGL, before establishing Illeuwurru Building Services.

Wayne Davis - Business Relations Manger/Advisor

Wayne brings specialised expertise in strengthening the capacity of Indigenous-owned and managed businesses, with a focus on facilitating Memorandum of Understanding (MOU) processes between Indigenous enterprises and Tier 1 companies.

He is well trained in the environment and heritage sector, with experience in sustainability practices and stakeholder engagement across both government and private sectors.

Wayne also has direct mine site experience, having worked with Carey Mining in Western Australia and at the George Fisher Mine site in Queensland..

Richard Hogan - Supervisor

Richard brings over 30 years of experience in the civil sector, excelling as both an all-rounder, project manager and a supervisor. He has worked with Black Cat Mining as an all-round operator and served as a supervisor for North Australian Civil on the Core Lithium BP33 project. Richard also held the position of senior supervisor with Bechtel on the Dampier Gas Plant Civil Construction.

Richard owned his business, Hogan Civil, for seven years, providing subcontracting services to Clough on projects including the Rio Tinto/FMG Rail Formation, WA Main Roads Bridge Project, and road diversion and patching work for Geraldton Shire in WA..

DIFFERENTIATORS

Kaytej Mining and Civil Construction (KMACC) provides a dedicated team of local staff with extensive experience in civil and mining construction. We actively engage and mentor our employees to deliver on contracts while supporting their ongoing learning and development. KMACC takes pride in being a responsible, reliable construction company committed to the successful delivery of every project.
